

CULTIVATE^{KC} 2019 Event Calendar

Annual Farmers & Friends Meeting

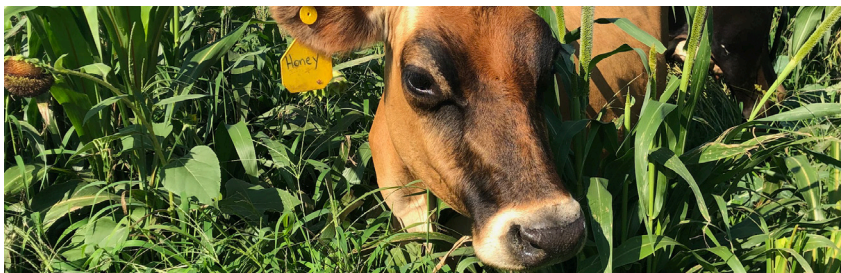

FEBRUARY 2 | 9AM-3PM
SECOND PRESBYTERIAN CHURCH

At the Farmers & Friends Meeting, we dream about what a healthy food system for Kansas City could look like, and then we venture out to make it happen.

Feast on the Field

SATURDAY, MAY 25 | 10 AM-2PM
WESTPORT COMMONS FARM

All are welcome to this family-friendly event where cows, goats, chickens, ducks and rabbits graze on the field and contribute to the soil by leaving manure. Learn about soil health, the soil food web and its role in the future of farming from our expert staff.

Urban Grown Farm Crawl

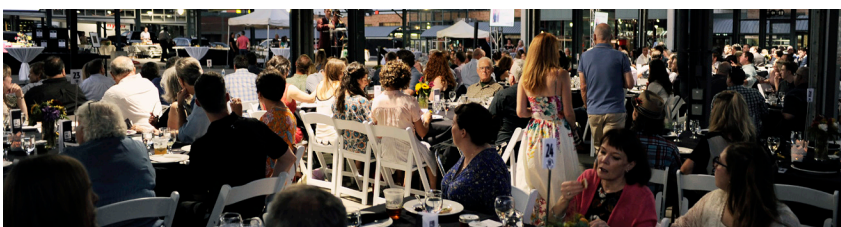

SATURDAY, JUNE 22 | LOCATIONS & TIME TBD

The Urban Grown Farm Crawl will feature up to five farms located in the KC metro area, including all three of Cultivate KC's sites. Each farm will feature a drink partner offering samples as well as a local chef or restaurant, offering small bites featuring seasonal produce available on the farm.

Dig In! Farm-to-Table Dinner

SUNDAY, SEPTEMBER 15 | 6PM-10PM
HISTORIC CITY MARKET

Cultivate KC's annual benefit dinner and one of the most talked-about food events in the area, Dig In! is known for its five-course meal created by local prominent chefs, using local ingredients. The event, hosted outdoors at The City Market, brings together hundreds of supporters of local food, urban agriculture and healthy food access.

Homegrown Happy Hours

Cultivate KC's happy hours are held each month and showcase each of the organization's farm sites. Homegrown Happy Hours feature a drink sponsor as well as a light snack from a local food truck or maker.

Tours take place throughout the event, from 5 to 7 p.m., and guests enjoy a casual evening on the farm while learning about the work of Cultivate KC.
